

Objective3D Open Morning 2025

Accelerate Additive: Real-World Success with Industrial 3D Printing

Join Objective3D for a special breakfast event at our Carrum Downs Additive Manufacturing Centre. With new partners, expanded technologies, and a showcase of real industrial applications—including an exclusive customer presentation—this is your chance to see how Australia’s most advanced 3D printing facility is delivering production-ready results, today.

Venue: Objective3D Additive Manufacturing Centre

Date: Wednesday, 12 June 2025
