

Statewide Ed-LinQ Program

Professional Learning Series – Term 4 2026

Are you an education provider or service provider working with children and young people in Queensland? The [Statewide Ed-LinQ Program](#) invites you to join our professional learning series for Term 4, 2026.

***Understanding the Whole Child:
Neurodivergence, Mental Health and School
Engagement***

Wednesday 21 October 2026

3:15-4:30pm

This session explores the relationship between neurodiversity and mental health in children and young people, providing practical strategies to better understand, support, and teach the individual child beyond their diagnosis.

***Supporting students with communication
disorders and mental health conditions***

Wednesday 18 November 2026

3:15-4:30pm

This session explores the intersection of communication difficulties and mental health in school-aged children, providing practical strategies to identify and support students in education settings.
